TEAM PERFORMANCE

"In difficult conditions, we achieved the strongest result in the history of Porsche, by some distance. We were also able to offer our customers exciting new products yet again in 2022. This is the achievement of a great team performance."

Oliver Blume,
Chairman of the Executive Board

911 GT3: CO₂ emissions combined (WLTP)*: 294 - 293 g/km; Consumption combined (WLTP, Fuel consumption in l/100 km)*: 13.0 - 12.9 l/100 km.
911 Targa 4 GTS: CO₂ emissions combined (WLTP)*: 257 - 245 g/km; Consumption combined (WLTP, Fuel consumption in l/100 km)*: 11.3 - 10.8 l/100 km.
* All new vehicles offered by Porsche are type-approved according to WLTP. Official NEDC values derived from WLTP values are no longer available for new vehicles as of 1 January 2023 and can therefore not be provided.
More information about the differences between WLTP and NEDC is available at www.porsche.com/wltp.
Further information on the official fuel consumption and official specific CO₂ emissions of new passenger cars can be found in the „Guide to Fuel Consumption, CO₂ Emissions and Electricity Consumption of New Passenger Cars,“ which is available free of charge at all sales outlets and from DAT or at www.dat.de/co2.

All information refers to the EU model.
